In connection with the registration of [redacted] with the Department of Justice under the Foreign Agents Registration Act, the FBI furnished photostatic copies of a report of investigation prepared by the Air Force, including a report transmitted to the Director, FBI, by letter dated April 1, 1957, from Lt. Col. Gene P. Moritz, Chief of the Sabotage and Espionage Branch of the Directorate of Special Investigations, the Inspector General, USAF. Although this report was primarily concerned with other matters, it did contain some information of much interest to the ICIS regarding its responsibilities to NSC in the field of internal security.
